Top Skills

Geotechnical Engineering

Civil Engineering

Ground Improvement

Languages

English (Limited Working)

German (Elementary)

Certifications

Mastering Tekla Structures:
Design and Modeling for Structural
Engineering

Advanced Python Programming

Structural Analysis and Design of
Buildings using ETABS

PMBOK Standard

Publications

A polynomial model for predicting
shear wave velocity from cone
penetration test data

Modelling Initial Elastic Modulus
of Sand-EPS Mixtures Using
Evolutionary Polynomial Regression

Abolfazl Najafi

Civil Engineer at FE FALAT – M.Sc. in Geotechnical Engineering
Isfahan, Isfahan Province, Iran

Summary

Civil and Geotechnical engineer with 4 years of experience in the design and supervising of various geotechnical and structural projects.

Experience

Faradast Energy Falat

Civil and Geotechnical Engineer

August 2024 - Present (2 years 1 month)

Bandar Abbas

Site Technical Office Expert.

Civil and Geotechnical Engineer.

Asakav

Geotechnical Engineer

November 2022 - August 2024 (1 year 10 months)

Isfahan

Geotechnical design engineer, on-site supervisor, and soil improvement expert.

Director of Geotechnical Laboratory.

Education

Iran University of Science and Technology

Master of Science - MS, Geotechnical and Geoenvironmental

Engineering · (September 2019 - October 2022)

Islamic Azad University, Najafabad Branch

Bachelor of Science - BS, Civil Engineering · (September 2015 - July 2019)
